How a direct quote works

Seasonal rates and pool heating change with the dates and the headcount. We confirm the calendar with the house before we quote. There is no published nightly rate on this sheet.

- Share your dates and group size at ctcstays.com. The form does not ask for a card.
- We write back with the direct rate, line by line. A direct booking leaves off the platform service fee.
- Look it over with your group. Nothing is charged or held until you approve the written quote.
